

June 21, 2010

Greetings to all,

Do to circumstances beyond my control and view in preparation for Field Day 2010, their will not be a newsletter this month.

But, do not be discouraged, the Officers and Board Members of the Inland Empire Amateur Radio Club are being requested to write up an article of how their participation in this years Field Day which is going to be quite different than the last two years. Personal note, the last time that the I.E.A.R.C. had a Field Day out in the open with no access to commercial power of any sort, was in 2007.

At present, some of the members for this Field Day, it will be their first true Field Day ever. Hopefully they will be encouraged to write a story for the next edition of "***Push to Talk***".

..... _____

Enjoy!

Thanks, ie 73's de
